

DTC

Desktop Console

Desktop Console with single or multiple switch configurations. Choose between momentary action switches that remain active as long as they're depressed or alternate action switches that alternate between open (disconnected) and closed (connected) each time they're pressed. Designed to work with door status or lock status sensors in order to supervise and control several entry points from one main location.

Configurable Options

- **M1** with 1-2 switches, specify number of switches when ordering
- **M2** with 3-12 switches, specify number of switches when ordering
- **M3** with 13-40 switches, specify number of switches when ordering
- Console: specify **G** (beige) or **K** (black)
- Switch type, specify: SPDT/DPDT, momentary/alternate
- Lens color: green, red, yellow, blue, white

- Illumination: None, 12 VDC, 24 VDC
- Button labels available as a custom part
