Complete Solution

We build the products AND services so they all work together seamlessly and are delivered with white-glove partner support.

Fastest Install

We engineer products that are easy to learn and fast to install so you can complete more jobs in a day and avoid costly return trips using our remote servicing tools.

Flexible Platform

Our solutions enable you to cover a broad range of applications, from basic security packages to premium installations equipped with video and automation.

What makes us different

End-to-end platform for professionals

New installs, upgrades and takeovers

Service tools for dealers and users

Wired and wireless solutions

IP and Cellular communications

Most Alula products come with a 5-year warranty.
2-year warranty on touchpad and cameras.

Alula Mobile App

## FINGERTIP CONTROL OF OUR COMMUNICATOR, SECURITY PANELS AND CAMERAS

The Alula Security App gives you the ability to offer customers modern control of their smart system by centralizing management of security, automation and video. Give system users the ability to arm/disarm security functions, control Z-Wave devices, and view cameras from the convenience of their mobile device or dedicated touchscreen control interface.

- Customizable home screen
- System alerts and notifications
- Consistent experience with dedicated touchscreen control interface
- View live cameras and recorded clips
- Control of Z-Wave devices and automated scenes
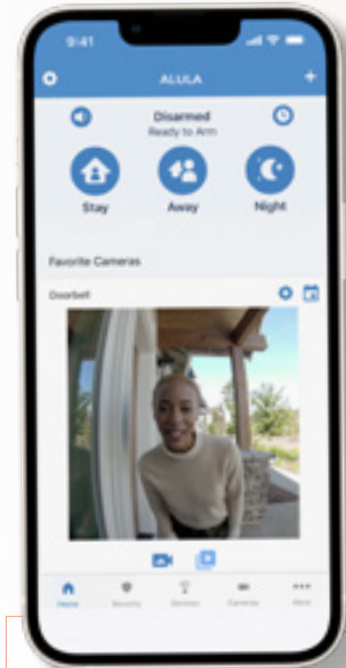

View live and recorded clips from doorbell, indoor and outdoor cameras

A customizable home screen puts the most important features at the forefront
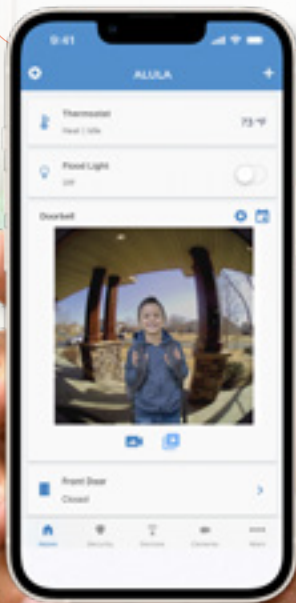

Create automated scenes and control Z-Wave devices

AlulaConnect Dealer Portal

ADMINISTRATIVE MANAGEMENT OF ALULA CONNECTED SYSTEMS

Like all Alula products and services, our dealer portal was built to reduce costs and save time. AlulaConnect was designed with the ability to do most things remotely. This means faster response times and less truck rolls, which keeps more money in your pocket.

- Comprehensive account management
- Troubleshooting and remote configuration
- OTA firmware upgrades
- Usage & account attrition reports
- Configure Central Station routing
- CRM platform integrations
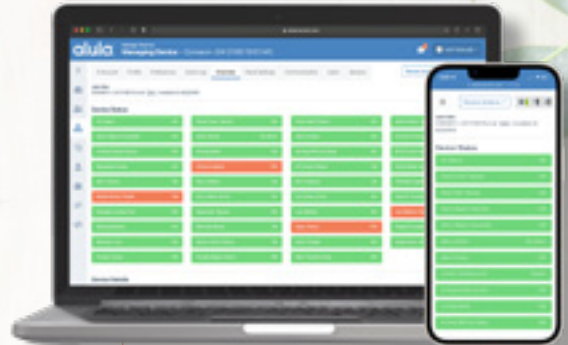

Quickly identify issues from the Account Overview screen

Account Set Up Wizard
Pre-configured system settings streamline the process of creating an account
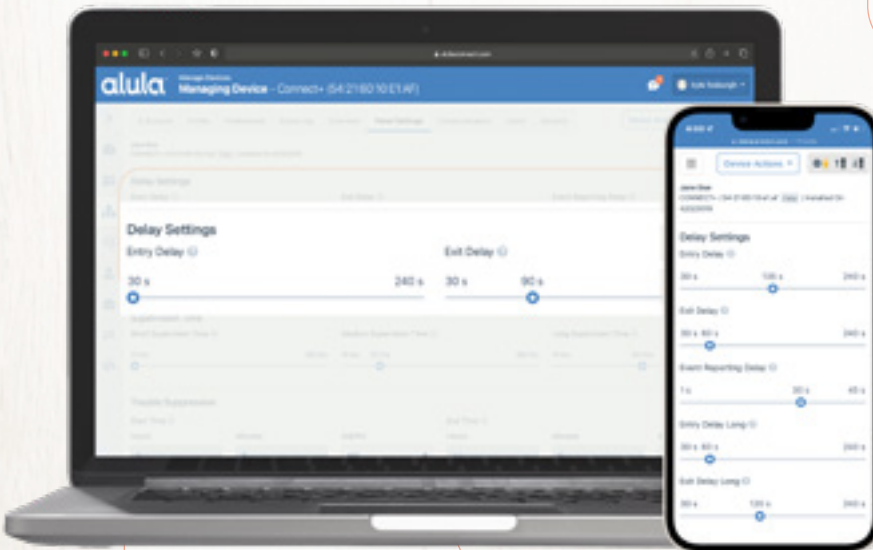

Remotely adjust exit delay times based on customers changing needs

Easily adjust system settings by moving a slider or adjusting a dial

Connect+ Security System

THE SIMPLEST, MOST VERSATILE PROFESSIONAL SMART SECURITY SYSTEM

The Connect+ Smart Security System is built for a wide range of residential and small business applications. Its wireless design makes it effortless for alarm dealers to maximize their time and save money by leveraging the industry's quickest installation and 5G-ready, on-demand cellular technology.

OPTIONAL COMMUNICATION CARDS FOR CONNECT+ PANEL

RE930RPV (Verzion)
RE930RPA (AT&T)

RE926RS

RE926RX

RE934Z
RE934ZT

CELLULAR CARDS
- o Placed in slot 1 in Connect+ panel
- o CAT M1/5G ready
- o Can be used as primary or secondary communicator

WI-FI CARD
- o Placed in slot 1 or 2 in Connect+ panel
- o Allows the system to connect to the internet
- o Connection to router for monitoring and interactive services

DEVICE LINK CARD
- o Placed in slot 1 or 2 in Connect+ panel
- o Enables the panel to talk to dedicated touchpads
- o Supports up to four 7" Slimline Touchpads

Z-WAVE CARDS™
- o Placed in slot 3 in Connect+ panel
- o Enables communication with Z-Wave devices - lights, locks, thermostats and more
- o RE934ZT also translates wireless Honeywell/Resideo, DSC, 2GIG, Qolsys/GE/Interlogix devices

System Controls
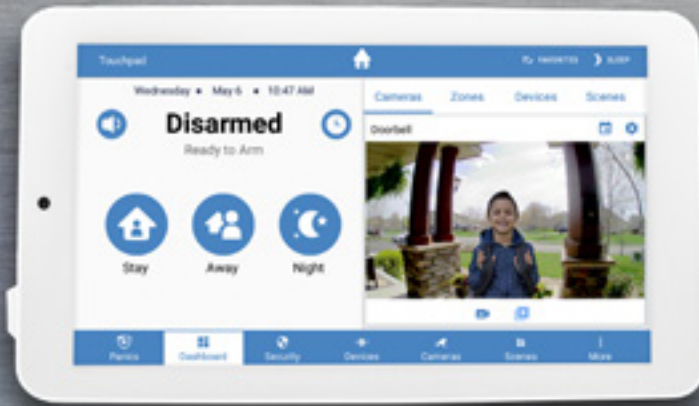

RE667W-PRO, RE667W-R-PRO

SLIMLINE TOUCHPAD

o Includes wall mount or tabletop stand

o Video camera enabled with 2-way audio

o Real time system status

o 7-inch color touchscreen

o Battery backup

o Hardwire to low voltage or plug-in to the AC transformer

o Use RE667-W-R-PRO with panels without DeviceLink card

o CP-WALLPLATE-5 covers imperfections on walls
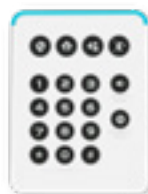

RE663

LED KEYPAD

o Real-time system status

o Easy-to-read LED keys

o Light bar confirms arming status

o Includes wall mount or tabletop stand

o AC powered or 1-year battery life

o User replaceable AA batteries

o CP-WALLPLATE-5 covers imperfections on walls

RE652

PINPAD

o Allows local control of the security system

o Secure 4 to 10 digit disarming

o Supports 1-button arming

RE600-5

FIVE BUTTON FOB

o Secure, encrypted wireless transmissions

o Low battery indication

o LED indication of command being sent

7

Sensors

With options across Intrusion, Life Safety, Environmental and Outdoor categories, we have the right sensor for any job. Plus, we also offer models that work with many other popular security panel brands such as Honeywell/Resideo, Qolsys, DSC, 2GIG and GE/Interlogix.

Compatible part numbers are described in the table below and listed throughout this section. A complete list can be found on Page 15.

INTRUSION SENSORS

RE601
DOOR/WINDOW
o Full featured sensor
o Longest range
o Two external contacts
o Screw mount install
o RE101 - RE201 RE201T - RE301 *

RE622
NANOMAX
o Micro sensor with with smallest footprint
o Up to 1" magnet gap
o One external contact
o 6 year battery life
o RE122 - RE222 RE222T - RE322 *

RE607
OUTDOOR DOOR/WINDOW
o Industry-leading wireless range and battery life
o Wide magnetic gap distance
o Two external contacts
o IP67 waterproof enclosure
o RE207 - RE207T *

DWS-LL
LONG LIFE
o Low-profile design
o Peel-and-stick mount
o Easy, slide-open cover
o 10 year battery life

RE611P
INDOOR MOTION PET IMMUNE
o IR sensor & signal processing
o Turn on/off pet immunity
o Coverage range of 44' with 90° field of view
o 6-8 year battery life
o RE111P - RE211P *

RE659
INDOOR 360 MOTION
o 360° detection range
o Ceiling mount
o Range up to 40 feet
o Selectable pulse count 2 or 4
o Designed for commercial applications

RE606M
TILT
o Monitors any lifting or tilting
o New MEMS sensing element
o Triggers at 45° tilt
o Mount vertically in non-alarm position
o 10-15 year battery life
o RE106M - RE206M *

RE629
GLASS BREAK
o Identifies the sound of breaking glass 4-25 ft from source
o Cost-effective way to cover large areas
o 3.5 year battery life
o RE129 - RE229 *

LIFE SAFETY SENSORS

RE614
SMOKE
o Three detection elements: photoelectric smoke, fixed heat, rate-of-rise detection
o Built-in Temporal 3 sounder
o UL217, ULC-S531 certified
o RE114 - RE214 RE214T - RE314 *

RE615
CARBON MONOXIDE
o 70-400ppm detection
o Long range sensor and built-in Temporal 4 sounder
o Meets UL2034 specifications
o RE115 - RE215 - RE215T *

RE617
HEAT
o Heat sensor with fixed heat (135°) and rate-of-rise detection elements
o Built-in Temporal 3 sounder
o UL539, ULC-S530 certified

RE603P
PANIC PENDANT
o Wearable device for personal emergencies
o Water resistant
o LED blinks every minute for user assurance
o Includes wrist band, lanyard and belt clip
o RE103 - RE203p *

* Compatible versions

SIRENS

RE616

RE626

RE636

WIRELESS

- Plugs into a 120 volt standard outlet
- Tamper switch
- Siren cadence synchronized to panel
- LEDs follow arming status and trouble conditions from panel
- Rechargeable battery
- 85 dB siren

WIRELESS BLUETOOTH

- Full battery power for 6 mo
- Replaceable AAA batteries
- Bluetooth smart radio
- 90 dB siren
- Provides alarm panel status signals
- Optional power supply (RE012-9)

OUTDOOR STROBE

- 2 to 5 year battery life
- 100 dB Siren
- Blue, red and amber lenses included
- AC or battery powered
- 11" tall x 12" wide

ENVIRONMENTAL SENSOR

RE618

FLOOD & TEMP

- Reports 3 unique IDs for flood, freeze & heat
- Transmits temperature to panel, viewable on app and touchpad.
- Custom high and low temperature thresholds
- IP-67 waterproof
- Titanium probes for corrosion resistance
- 10-year nominal battery life
- RE118 - RE218 - RE218T *

* Compatible versions

Cameras

Give customers a clear view of their homes from virtually anywhere with cameras for the entire premise. Our camera offering also can be used as a stand-alone video surveillance system, giving you the ability to offer customers what they need now, while providing the option to expand to a more holistic security and automation platform in the future.

VIDEO DOORBELL

CAM-DB-JS1

VIDEO DOORBELL BLACK
o 1080P HD video
o 16 foot night vision
o Two-way audio
o 2.4GHz Wi-Fi

CAM-DB-HS2-AI

VIDEO DOORBELL WHITE
o 1080P HD video
o 16 foot night vision
o Two-way audio
o Dual band Wi-Fi

INDOOR 360

CAM-360-JS1

INDOOR 360 CAMERA
o 1080P HD video
o 30 ft of night vision
o Two-way audio
o 2.4GHz Wi-Fi
o Pan, tilt functionality

OUTDOOR BULLET

CAM-OD-HS2-AI

OUTDOOR BULLET WHITE
o AI object recognition
o 1080P HD video
o Two-way audio
o 90 feet of night vision
o 2.4GHz Wi-Fi

CAM-OD-JS1-AI

OUTDOOR BULLET BLACK
o AI object recognition
o 1080P HD video
o 40 feet of night vision
o 2.4GHz Wi-Fi

Communicators

RESIDENTIAL OR COMMERCIAL, BURGLARY OR FIRE, OUR COMMUNICATORS GIVE YOU A COMPETITIVE EDGE WITH NATIVE 5G TECHNOLOGY TO SKIP THE NEXT CELLULAR SUNSET

BAT-CONNECT-V (Verizon), BAT-CONNECT-A (AT&T)

BAT-CONNECT

A universal dual-path communicator that can be used with most hardwired or hybrid panels. LTE-M cellular technology and automatic panel detection allows alarm dealers to complete more installations and skip the next cellular sunset.

o Enables interactive services, home automation, and the ability to update the user interface on existing panels without panel replacement

o Telco event capture and reporting on most legacy panels using phone line emulation

o Keyswitch arming for remote control of most legacy panels

o Three network connectivity paths: cellular, ethernet, and Wi-Fi

BAT-FIRE-VZ (Verizon), BAT-FIRE-ATT (AT&T)

BAT-FIRE

BAT-Fire is a versatile UL-certified, universal FACP communicator equipped with dual Tip & Ring Dial Capture and four programmable inputs/outputs. It also leverages dual path IP and LTE-M cellular technology which allows system integrators to save money, maximize install flexibility and skip the 4G cellular sunset.

o Universal FACP communicator

o Sole path IP and dual path cellular communications

o Supports 12V and 24V FACPs

o Four programmable input/outputs

o Contact ID reporting

CONNECT-XT-V (Verizon), CONNECT-XT-V-Z (Verizon, Z-Wave)
CONNECT-XT-A (AT&T), CONNECT-XT-A-Z (AT&T, Z-Wave)

CONNECT-XT

4G/5G LTE communicator for Simon panels

o For Simon XT, XTi, XTi-5 and XTi-5i panels

o Add modern app, automation and video to old Simon panels

o Tool-less card replacement, no need to replace existing sensors

Translators & Repeaters

UNIVERSALLY COMPATIBLE, UL COMPLAINT TRANSLATORS AND
REPEATERS FOR CONNECT+ SENSORS AND TOUCHPADS

TRANSLATORS

RE508X

UNIVERSAL HARDWIRE TRANSLATOR™

Includes 8 hardwire zones and transmits to
Connect+, Honeywell/Resideo DSC, 2GIG
or GE. Multiple translators can be used to
increase zones and power to motion/glass-
break detectors, per device. Power supply
and rechargeable battery (up to 24/hrs)
included. Not for retransmission of life
safety sensors.

RE508X (residential)
RE508XC (commercial)
RE030 – Replacement Battery Pack

RE524X

UNIVERSAL WIRELESS TRANSLATOR™

Receives Honeywell/Resideo, DSC, 2GIG or GE
wireless devices (selectable) and translates to
one of the other protocols. Can also be used as
a wireless repeater by setting the receiver and
transmitter to the same protocol. Power supply
and rechargeable battery (up to 24/hrs) included.
Not for retransmission of life safety sensors.

RE524X (residential)
RE524XC (commercial)
RE030 – Replacement Battery Pack

REPEATERS

RE620

CONNECT+ SENSOR REPEATER
Extends the range of Connect+ Sensors

o Rechargeable backup battery

o Cover and wall tamper

RE621

TOUCHPAD RANGE EXTENDER
Extends the range of Connect+ Touchpads

o Single-button enrollment

o Wireless range extension
