DK-26 Digital Keypad System

Digital control system for narrow stile outdoor applications

The DK-26 digital keypad system provides medium/ high security control of electric locks in one- or two-door applications where doors have the same control needs.

The fully weatherproof, rugged stainless steel keypad can be mounted in most outdoor environments. Encased in a separate enclosure for secure installation, the full-featured, easy-to-program, DK-26 is ideal for narrow stile applications.
