AIPHONE
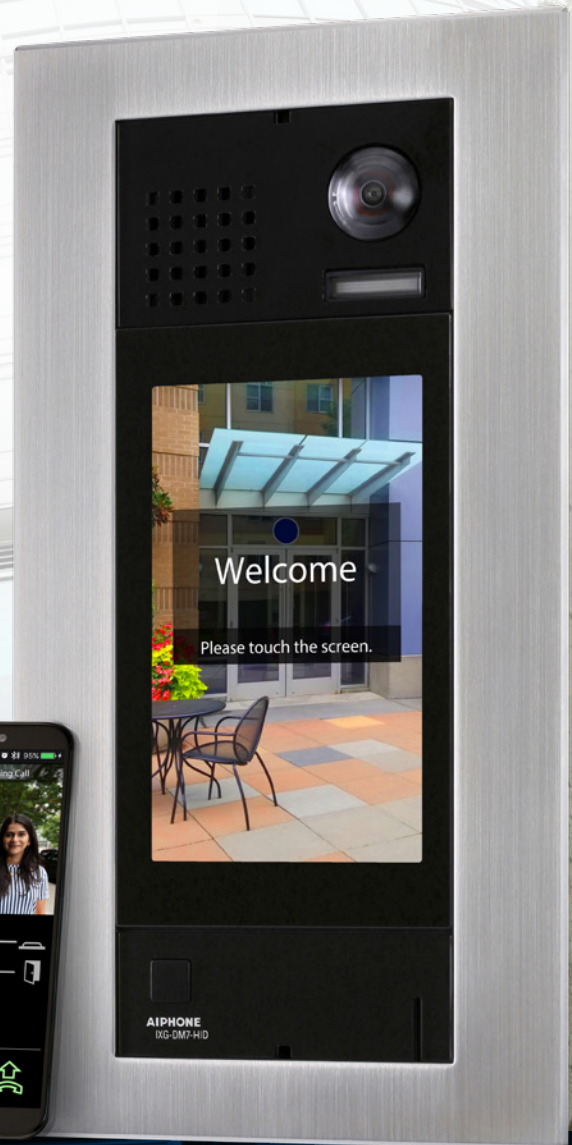

IXG Series
IP Multi-Tenant Video Intercom

Simple.
Sophisticated.
Security.

A reliable way to protect buildings and the residents living in them

APARTMENTS | CONDOS | DORMITORIES

Simple Operation. Sophisticated Interface. Security Your Customers Can Trust.

All Powered by a Single, Full-Featured System (IXG Series)

Cloud-based mobile app
(requires gateway adaptor – service fee may apply)

Easy installation with all stations being PoE

Modern touchscreen entrance station with optional surface mount box *(sold separately)*

Simple programming with the IXG Support Tool

Physical guard station with two-way video communication

Internal communication with up to eight tenant stations per apartment

Optional elevator lift control adaptors ensure visitors are given access to the proper floor

Compatible with select IX Series stations

BMS Business Management System

Designed with dealers and property managers at top of mind, our Business Management System (BMS) offers a dealer admin portal for simple set-up and a PM portal for convenient tenant updates.

BMS Portal	Can do system set-up and programming	Can update tenant information	Can see pricing	Can make payments
Dealer Administration	✓	✓	✓	✓
Property Management	✗	✓	✓	✓

BE PREPARED

These steps need to occur in this order below to properly set up the system and payment methods:

1. **Download the IXG Support tool**

2. **Create a PayPal® account**

3. **Create "Admin" credentials (include pricing) on our BMS**

4. **Create "Property Management" credentials (no pricing, only maintenance tools) on our BMS**

*Scan QR code for full set-up instructions*
